- ➔ This form only stops recurring transactions. This form cannot stop transactions that have been authorized or are currently pending against your account. This form cannot stop future one-time (non-recurring) transactions for items, services or fees that fall outside your normal billing cycle with the merchant.

- ➔ You may only stop payment to a merchant who has charged your card at least once. We cannot stop your first payment to a merchant. In those cases, we recommend that you speak to the merchant or cancel your card outright.

- ➔ If you are expecting the merchant to charge your card in the next 72 hours, GTFCU will not be able to stop the transaction. In those cases, we recommend that you speak to the merchant or cancel your card outright.

- ➔ Please verify that this stop payment does not violate your contract with the merchant.
